

Състезание „Аз общувам с Европа“

IV клас

Училище: клас:.....

Име, презиме, фамилия:

1. Read the text. Write T (true) or F (false).

In the forest or in the fields you can often see busy little insects which are running up and down. These little insects are ants. They live in different places - in trees, in sand; on mountains and in deserts. There are many kinds of ants in the world. The ant has got two big eyes and sometimes three more very small eyes. The ant has got six legs. They work very hard. They clean themselves just like cats. They have wonderful memory. They eat milk of plants, other insects and leaves.

1. The ants live only in the fields. _____
